

MARGARETTE WATTS.

[To accompany Bill H. R. No. 668.]

Mr. F. W. KELLOGG, from the Committee on Invalid Pensions, made the following

REPORT.

*The Committee on Invalid Pensions, to whom was referred the petition of Margarette Watts, have examined the same, and report:*

That she is the widow of Alexander Watts, who was an invalid pensioner on the Pennsylvania rolls at the rate of \$8 per month. The evidence is clear as to her said husband's service and disability. She made application to the Pension office for half-pay pension, under the act of Congress of February 3, 1853, but her application was rejected, for what reason does not appear by the papers. The proof of her marriage, her identity, her husband's death, and his being a pensioner are all fully proved.

Your committee report a bill granting her a pension at \$4 per month.
